

## OUR QUALITY POLICY

- In line with our vision, developing and producing reliable products at world standards by using developing and up-to-date technologies.
- Meeting the needs and expectations of all our customers in a complete manner and ensuring that they are fulfilled on time in accordance with legal regulations.
- Being aware that the trust we provide to our customers and suppliers is a great capital and increasing this capital day by day.
- Ensuring that the TS EN ISO 9001: 2015 Quality Management System standard is documented, implemented, reviewed and its performance is continuously improved in a way to fulfill the requirements applicable to our organization.
- Setting company and process quality targets in a team spirit based on total quality philosophy and achieving these targets by evaluating existing risks and opportunities.
- Encouraging innovative and creative approaches and providing trainings to increase technical and behavioral competencies.
- Working with all our strength to be a pioneer and exemplary organization in terms of quality in the sector by managing our activities in an integrated manner together with Occupational Health and Safety and Environmental Management Systems.
